

CASE STUDY

The Pyplok logo features the word "Pyplok" in a bold, white, sans-serif font. The letter "o" is replaced by a green circular icon with a white sunburst pattern. A registered trademark symbol (®) is located to the upper right of the "k".

INSTALLATION DATE:
2019

END USER:
MISC Berhad / Petronas Carigali Sdn. Bhd.

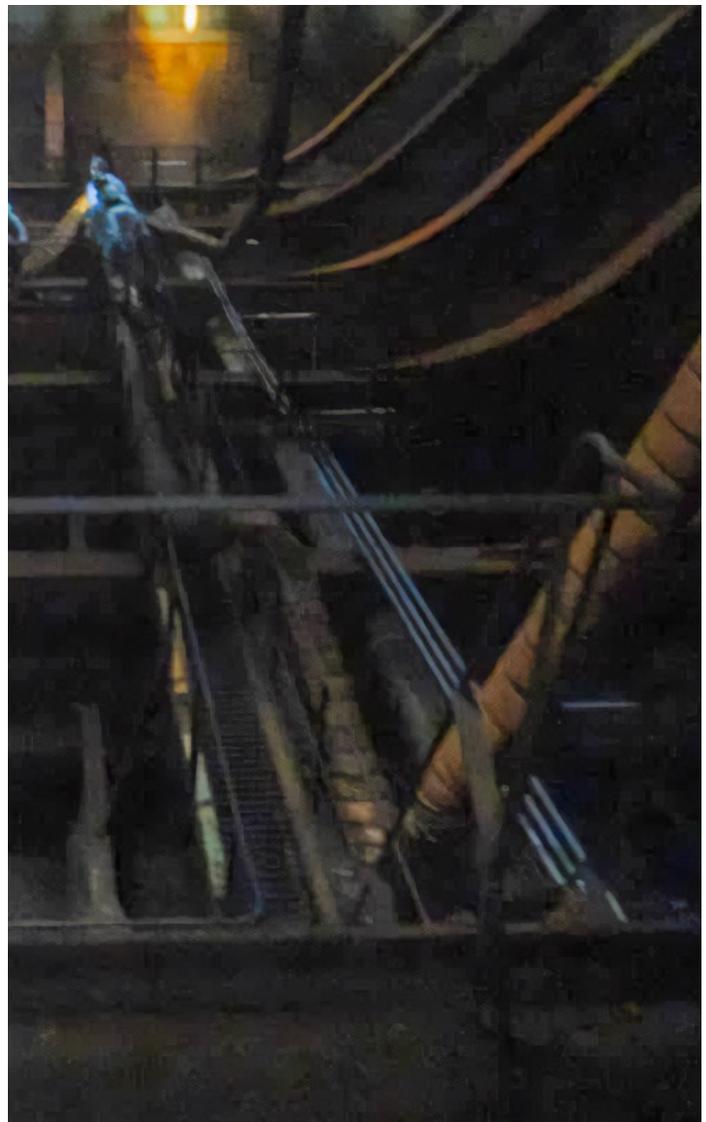

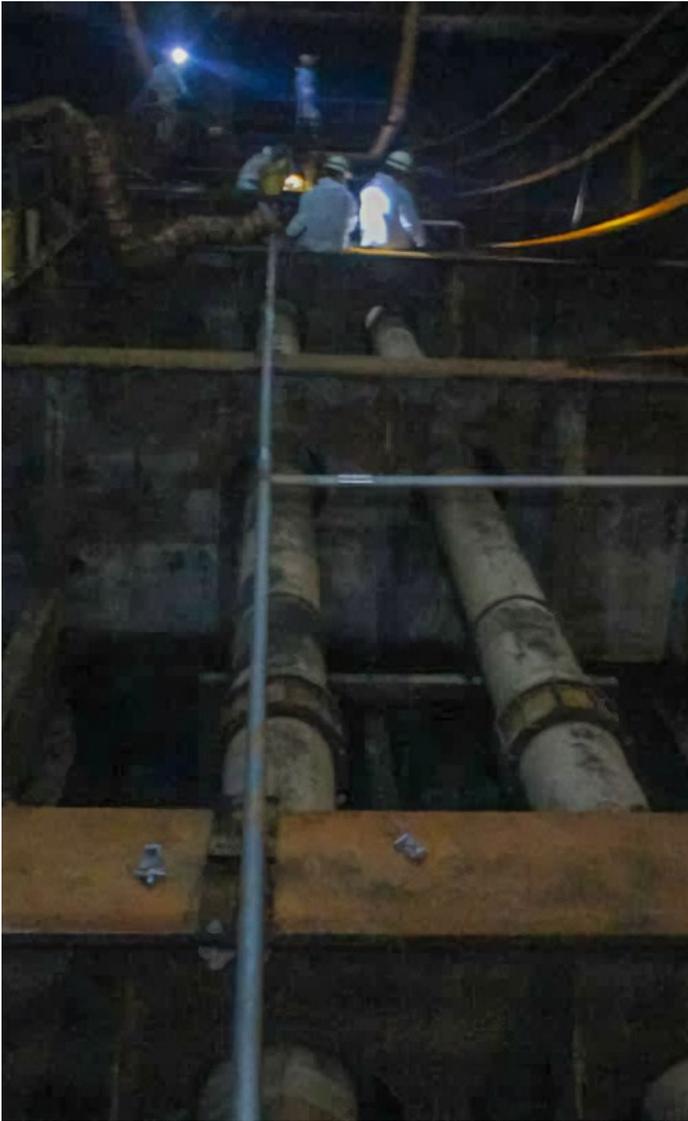

LOCATION:
Malaysia

LINES SIZES AND MATERIAL:
1 1/2" & 1" NPS
316/316L

SYSTEM MEDIUM:
Steam and Condensate

SPECIAL COMMENTS OR NOTES:

Pyplok® 360° radial swage fittings were selected as the method of joining stainless steel piping for the steam and condensate lines on the FSO Puteri Dulang cargo tank's heating system. Due to the inherent risk of fire and explosion by welding inside these cargo tanks Pyplok® was a solution that allowed pipe repair while eliminating the need for any hot work. All installation was completed offshore safely and within project timelines.
