Tube-Mac Group Announces Expansion into ASEAN Region

The Tube-Mac Group, in collaboration with Chase Resource Management Pte. Ltd., is pleased to announce the establishment of **Tube-Mac Piping Technologies Pte. Ltd.** This new office and workshop represent a significant step in Tube-Mac's expansion strategy, strengthening its presence in Southeast Asia and positioning us to better support clients throughout the region.

The Singapore facility will serve as a regional hub for **engineering, fabrication, and installation services**, providing a comprehensive range of non-welded piping solutions. It will also act as a center for **customer engagement, OEM collaboration, and technical support**, staffed by a skilled team operating from a fully equipped workshop.

Through this strategic expansion, Tube-Mac reaffirms its commitment to delivering **innovative, high-quality, and reliable piping technologies**, while strengthening partnerships and driving excellence across international markets. Operations are slated to commence January 1, 2026.

Location details are as follows:

Tube-Mac Piping Technologies Pte. Ltd.
10 Buroh Street #05-22
West Connect Building
Singapore 627564

Managing Director
Jayanthi Manian
